Competitive Programming

- ICPC Dhaka Regional 2025 onsite — Team: JU_Odd_Bits
- ICPC Dhaka Regional Preliminary 2023 — Top 8.4% (210 / 2479), Team: JU_OneMoreZero
- JU NCPC Preliminary 2023 — 134 / 1099, Team: JU_S3
- JU NCPC Onsite 2023 — 167th, Team: JU_S3
- Breaking Code'23 (MBSTU) — 5th Place
- IEEEXtreme 18.0 (2024) — 19th in Bangladesh
- IEEEXtreme 17.0 (2023) — 11th in Bangladesh
- Solved 1800+ problems across online judges

Experience

Software Engineer Intern

Sept 2025 – Feb 2026

Campus365, Dhaka, Bangladesh

- Built and maintained production-ready Laravel applications using MVC architecture and MySQL
- Developed RESTful APIs, managed database migrations, and optimized queries for performance
- Automated workflows and data-processing tasks using Python scripts
- Designed AI automation agents with n8n, integrating APIs and LLM-based workflows

Projects

Laravel Portfolio System

Laravel • Full Stack

🌐 [GitHub](#) 🌐 [Live Demo](#)

- Developed a full-stack Laravel-based portfolio system with modern responsive UI
- Built an admin dashboard with full CRUD functionality for managing portfolio content
- Implemented dynamic, ATS-friendly CV PDF generation using Laravel DomPDF
- Technologies: Laravel, PHP 8.2+, TailwindCSS, MySQL, Blade

Examination Application Processing System

Web Application

🌐 [GitHub Repository](#)

- Online university exam application system with secure fee payment and automated admit card generation
- Technologies: HTML, CSS, JavaScript, PHP, MySQL

Education

Institute of Information Technology, Jahangirnagar University

Feb 2022 – Present

Bachelor of Science in Information & Communication Technology
